About New Jersey Water Association

The New Jersey Water Association (NJWA) is a statewide, non-profit professional association of water and wastewater service providers. The Association specializes in providing training and assistance to member and non-member water and wastewater systems alike.

NJWA has an extensive training program of half-day and one-day sessions. Seminars are conducted at locations throughout New Jersey for the convenience of participants. Seminars are performance based. NJWA trainings cover a wide variety of subjects pertaining to the technical, managerial and financial skills necessary for efficient system operation.

FOR MORE INFORMATION

The NJWA website address is www.njwater.org. This site contains information about NJWA membership, governance, activities and events. Complete information on the Annual Conference is also available on the website.

NJWA MISSION STATEMENT

“To enable our water and wastewater membership to safeguard the health of their users by providing leadership and professional services.”

Why Attend?

Our conference is an excellent opportunity to learn about products and services for the water and wastewater industry directly from our Exhibitors. It is an excellent opportunity to meet with your peers, agency representatives and local leaders. You will be able to increase your awareness of regulatory and legislative issues by attending your choice of training sessions while at the same time earning Training Contact Hours for your license requirements.

Of course, we hope you consider becoming involved in the Association by becoming a member.

Attendance Profile

Our Conferences are always a great success. We average over 350 in attendance which includes licensed operators, managers, lawmakers, regulators, board members and industry representatives.

Exhibitor Profile

NJWA Conference Exhibitors are public and private corporations, Federal and State Agencies, and assistance providers to the water and wastewater community. The focus of our exhibits is on compliance and treatment technologies, utility equipment and professional services. We also welcome exhibitors that provide information on rule compliance, educational programs, funding sources and data management services.

Instructor Profile

The New Jersey Water Association Annual Management and Technical Conference is a premier training forum for water and wastewater industry operators, managers and decision makers in the State of New Jersey. The Association invites professional presentations on all suitable topics related to the industry. If you would like to present at this year's conference, the information and application form is attached.
