

Safe Drinking Water Act Regulatory Update with NJDEP

The NJ Water Association and the NJ Department of Environmental Protection

Description:

As many amendments and new regulatory requirements are emerging within our safe drinking water community, it is important to stay informed and well prepared. Find out what's new and what will soon be changing, such as Drinking Water Operator Licensing, NJDEP's Reorganization, Public Notification, UCMR5 (emphasis on PFAS), Lead and Copper, etc. Staff from the NJDEP will be providing the latest news, answers to your questions, and addressing your concerns. Attend one of these sessions and get up-to-date and learn ways to prepare and remain in compliance. This course is new each year. Licensed Water Operators may accrue TCH's for this course every year during the cycle.

Agenda:

8:00-8:30 sign-in

8:30-9:15 Overview: Division Structure, Website, Email submittal to watersupply reminders, M&R Violation Increase, emergency reminders, storage tank waivers – Leronda Aviles
